Latinos en Sydney!! is a Not For Profit (NFP) organisation that caters to the Latino Community. The idea is to be a massive outreach community to provide assistance, educate & create social functions amongst other things.

Mission: To run the biggest Latino Not for Profit Organisation in Sydney. To connect, unite and support the Latino community as well as showcase their culture to people of a non Latino heritage. We aim to provide the younger generations with a place to learn their cultures.

Vision: The Vision of union will hopefully come together by the various family & cultural events we will be hosting eg Family Fun Days. One day we would love the organisation to grow so that we may offer services such as mental health awareness & support as well as language classes amongst other projects to help those that may need it.

A section of the NFP deals with running a Latino Family Event. Unfortunately due to the current restrictions set in place for Sydney, our event will not be going ahead til a minimum of a month. This just means we have more time to perfect the event and add more artists and vendors to the event!

The Event will showcase what is the Latino Culture in Sydney. We are a small Latino business, helping other Latino Businesses to thrive. The event consists of a hall for musical performances, an area for the Vendors (Handmade products, food stalls etc) as well as a section for friendly soccer play. We will also have a section for Kids arts & crafts as this is a family friendly event.

The Venue does need to be rebooked, but will confirm with selected entertainment and vendors prior to the event being relaunched with the new details.

I will also like to take the opportunity to include that we are a Not For Profit Organisation. If you have anything you can donate for the Raffle Prizes of the event you are featured in, we would be happy to accept and promote accordingly.

Thank you for your interest in participating at one of our events. I have attached the PDF file, please complete at your earliest convenience.

Please Don't hesitate to message me for any other questions or enquires. Alternatively, more information on the Organisation can be found on our Facebook page.

Looking forward to your reply
